Re: HTCP Level 1 Trainers / HTCP Level 2 and 3 Trainers Extensions

The NOHA and Hockey Development Centre of Ontario (HDCO) would like to provide an update regarding extensions that have been granted to the HTCP Trainers Qualifications.

HTCP Level 1 Trainers Refresher Extension

Due to the extenuating circumstances surrounding the Return to Play season, the HDCO is extending the eligibility for Trainers to renew their qualifications through the HTCP Level 1 Trainers Refresher program. Trainers whose HTCP Level 1, Level 1 Refresher, Level 2, or Level 3 qualification expired on **August 31, 2020**, will have until **December 31, 2020** to renew their qualification through this program.

The HDCO is currently re-working their online system to allow these expired Trainers to access the Refresher program. This should be completed in the near future. Once this is done, eligible Trainers will be able to sign up at the HDCO eLearning website [here](#).

HTCP Level 2/3 Trainers Qualification Extensions

Further, Standard First Aid and CPR certifications expiring on or after March 1, 2020, have been automatically extended until **December 31, 2020**. This applies to all first aid agencies in Ontario.

Therefore, the HTCP Level 2 and HTCP Level 3 qualifications issued by the NOHA that expired on **August 31, 2020** have been extended to **December 31, 2020**. This is reflected in their HCR Profile. Further, Trainers will have until **December 31, 2020** to update their HTCP Level 1 qualification to HTCP Level 2 or renew their HTCP Level 2 or HTCP Level 3 qualifications. This can be done through the link [here](#).

Please share this information with your registered Trainers within your organization. If they have any questions, please do not hesitate to contact NOHA Technical Director, Andrew Corradini at (705) 474-8851 or acorradini@noha-hockey.com.

Yours truly,
